# LRDA Day Care Program

Our Day Care Program encourages children to choose freely from a wide range of play and learning experiences, and in doing so, help them to recognize, understand and express their own emotions as well as to sympathize with the emotions of others.

The variety of experiences include opportunities for creative self-expression through the media of dance, musical rhythms, and art; development of manipulative skills and motor coordination through carpentry, puzzles, blocks and climbing equipment; the development of concepts through exposure to materials which stimulate basic awareness; growth of language skills through stories, song, and dramatic play; and relaxation through water play and other quiet activities.

The Day Care Program welcomes families of all faiths, creeds, and ethnic origins, we have a desire for excellence in meeting the needs of children and their families for nurturing, growth and development, relationships and understanding.

## OBJECTIVES

Days are planned so that children will:

- be safe
- feel secure
- receive individual attention and affection
- develop satisfying relationships with other children and adults
  - develop self-discipline
- experience successes in order to develop a positive self-image

# Little Miss Lumbee 2002-2003

THIS PAST YEAR has been unbelievable. Time has passed so fast. I am sad this wonderful opportunity to represent the Lumbee people as Little Miss, is coming to an end. During this year I have met so many great people, and my knowledge of the Lumbee people as well as other Native American cultures has grown.

I feel a strong sense of pride in being representative of the "First Americans". My parents as well as others have helped me learn and realize that with this honor comes responsibility. This responsibility is to serve as a role model for others and conduct yourself in a manner befitting the Lumbee people. This behavior is prevalent not only at special events, but in everyday life.

It is with pride that I have represented you, the Lumbee Nation at many pow-wows, both in and out of North Carolina, parades, social and community service events. My travels to many schools and churches around the country hopefully have inspired others to learn more about God and our Native People.

During this year I have had the support of many people. My family and friends have been with me every step of the way. My sister ambassadors have become real sisters in every sense of the word. I feel the bonds we have established will remain forever. Our families also have come to share a special relationship, that I feel will also endure. The times we have spent together have been so much fun and the memories will last a lifetime. I am thankful that we were all able to learn and grow together. I would like to give special thanks to Hollie. You have been the best. Thank you for sharing this year with me. I would like to give one more special thanks. To Rebekah: Thank you for all your support. You will always be our Miss North Carolina.

In closing I would like to wish all contestants the best of luck. I encourage the winners to cherish every moment because it goes by so fast. It is a great honor to represent your Native People. Wear your crown with pride.

Your reigning Little Miss Lumbee

Taylor Nicole Smith

# Junior Miss Lumbee 2002-2003

Greetings to all the Lumbee People

On June 27, 2002, I was given the opportunity to represent the Lumbee nation yet again, as a young Lumbee Ambassador. It has been my sincere desire to be an ambassador and fulfill my duties to the best of my ability. I feel that with God's grace and guidance I have successfully fulfilled my duties as your Junior Miss Lumbee.

It has been a pleasure and a great honor to represent the Lumbee nation as your 2002-2003 Junior Miss Lumbee. It has been an exciting year filled with wonderful memories and opportunities. My travels have included entertaining and attending various schools and churches, community functions, pageants, parades, pow wows, and elderly visitations. With each appearance I have made, I feel my life has been blessed to have shared in these various events, which has expanded my understanding and appreciation of our Lumbee heritage.

I am saddened, as this chapter in my life nears an end. I find it hard to believe that another year has come and gone. I am uplifted when I look back and remember all the friends that I have made, the wonderful memories, and memorable experiences that have forever changed my life. I am truly thankful.

As my reign as Junior Miss Lumbee comes to an end, I would like to express my sincere thanks and appreciation to all those who have helped me in any way this year. Without the love, support and prayers of my family and friends, the success of this year would not have been possible.

May God bless you all.

With sincere appreciation,

*Kristen Emanuel*

# Teen Miss Lumbee 2002-2003

## Greetings

What an amazing year this has been. I did not realize the exciting journey I would take when I became your Teen Miss Lumbee. It is very important for me to do the very best I can, whatever it may be. I represented you the Lumbee people the same way. I have represented you in schools, churches, Pow Wows, parades, Lumbee functions, Pembroke Day and in Studio One. I carried myself with pride and dignity whether I was on an official visit or just chilling out.

This year I have developed an enormous wealth of knowledge about myself as a Native American. Being a part of the Lumbee community, I have come to realize the importance of culture, heritage, and my Lumbee community, I have come to realize the importance of culture, heritage, and my Lumbee family. It has been instilled in me at an early age that I am a member of a tribe that I represent at all times. I have strived to be a positive role model for the Lumbee people and to let my achievements be your achievements.

As a tribe we are known to be proud, resourceful, and strong. I have voiced to our youth to make connections to our elders. I have a special bond with the elders of our community, I started at an early age with my grandparents. I cherish the examples they sat before me, like always be spiritually lead in making decisions. Thank you Grandma Vivian, Grandma Stella, and those who are in heaven, Grandma Annie, Grandad James, Grandad Marse, and Grandad Walter. We

should look to our elders for moral guidance and to learn the wisdom of the past, present, and future. It is our responsibility as young people to pass on the morals, values, and strengths that our ancestors have placed before us.

The phrase "Anything is possible" has driven every success story. Success is possible with determination and a winning attitude. Life is full of potholes and detours and you will decide which direction to go. Keep your head up high even in unfriendly circumstances. It would be easier to give up but that would not produce a winner. You will not travel this life alone, God will be there with you all the way.

As my year comes to an end, I wish to express to the Lumbee people, my sponsors, LRDA staff friends, and family my appreciation and devotion for your support and prayers.

To Miss Lumbee 1990, my big sister Nahir Hunt, husband Kent, Big Bro Darren, wife Stacey, Big Bro Davance, Torrey, nieces Kenda, Logan, nephews Cameron and Kajun, thanks for your love and support. To mom and dad, thanks for your devotion, encouragement, support, unconditional love and especially the money. "I LOVE YOU GUYS."

Respectfully and humbly yours

*Deidra Carol Locklear*

# Miss Lumbee 2002-2003

others about the "Lumbee People" I presented a great sense of pride and confidence in myself as a strong, intelligent, and respectful Lumbee woman. I faced others knowing that a lack of knowledge was the only barrier between their acceptance of me as a young Native American woman, so I proved to them that I accepted myself as Lumbee and their acceptance and respect followed.

I have proudly dedicated my year to my grandmother, my father, and mother who have taught me the ways of life as a young native woman. I took those lessons with me throughout my year and made it my personal philosophy to teach others to "Embrace the Wisdom". To embrace the wisdom is to be slow to speak, listen with an effective ear, learn to follow before trying to lead, and always acknowledge and respect your elders for they can teach you many things. I did just that throughout my year and hope that I showed others the light burning inside of me to continuously embrace the wisdom and grow in knowledge about my culture.

On June 29, 2002 I stood in astonishment as my name was called and I was crowned Miss Lumbee 2002-2003. For one moment time stood still and the world was mine, for I had accomplished my ultimate goal thus far.

I felt the sense to thank God for this great honor and the blessing that he has bestowed on my life. And at that moment I realized that I was embarking on a journey that for the next year would be my job, as I served the Lumbee people. I look back, and as a child I dreamed of being Miss Lumbee. I have since then made it my goal that at that time I would serve you, the great Lumbee Nation with dignity, respect for myself and others, and take pride in such a vast and rich culture.

I took great honor in the privilege I was given as Miss Lumbee to travel the state of North Carolina as well as the nation, teaching others about my unique culture. With each passing day I have gained incredible knowledge about my native culture as well as that of others, but above all I gained new insight about myself.

With my personal motto being "learn to accept yourself first", it was used to my advantage. As I travelled and taught

In closing, I would like to give a special thanks to my three beautiful "Lumbee sisters" for making my year the best that it could have been. We have had obstacles to overcome as a whole and as a whole we have risen higher than the walls of impatience, disunity, and animosity. To each one of you, I love you more than words can express, and hope that you will always smile and "carpe diem" seize the day — for everything is a special gift from God.

Always give more than you are expected to, sometimes that makes all the difference. Take the road less travelled by. God bless all of you and remember, keep your dreams and goals constantly in your sight.

Your reigning Miss Lumbee

## Mr. Lumbee 2002-2003

Mr. Lumbee 2002-2003, Patrick Strickland, is the twenty four year old son of J.P. & Geraldine Strickland of Pembroke, North Carolina. He is the youngest of two, his sister, Jacqueline Strickland-Malcolm resides in Durham NC. Patrick is currently in his second year of graduate studies at the University of North Carolina at Pembroke where he is majoring in Public Management and Criminal Justice. He is also an active member of Phi Kappa Tau fraternity Inc.

Serving as an ambassador to the Lumbee Nation has allowed me to become a vital role model to Native American youth in our region. I have worked hard to leave a positive impression to the people of my community. Performing and speaking to the youth throughout our region allowed me to culturally expand my perspective of the Native American culture.

When I was named Mr. Lumbee in July of 2002, I would have never expected the overwhelming response and the opportunities I have had given to me. I want to thank each and every person who had a hand in making this year of success, especially to the 2002 Lumbee Queens. Without you my reign would not have been as successful as it was. This was a new experience for me and when I was lost and did not know where to go or what to do, you were there and I thank you for it.

The greatest incentive I had this year was talking and singing too elders during the Christmas holiday. Seeing the joy of our elders through a smile or a tear made this experience and my year all worth the while. Listening to these elders also helped me understand that listening cannot only make a difference in you, but can change the outlook of others through you.

I began this year without much knowledge of the Native American culture, but in the end I have gained much appreciation for all

Native Americans and their traditions. I have also realized it is a privilege to not only be Native American, but to be a Lumbee Indian. Being a member of the greatest and largest tribe in North Carolina and the eastern US is an honor in itself. I said that to say this, it is each individual's responsibility to preserve and continue the Lumbee culture and its traditions. Always remember to stand proud of who you are.

In closing I thank my parents, family, friends and everyone else for the never-ending support that guided me through this past year. I will never forget the experience and the history that has been made in the past year and are honored to be a part of it. You will always remain in the memories I have of serving as your First Mr. Lumbee in its inaugural year.

With sincerity and adoration,  
Patrick Strickland
